Draw a line from dot number 1 to dot number 2, then continue to number 3, 4 and so on. Continue to join the dots until you have connected them all, then color the picture.

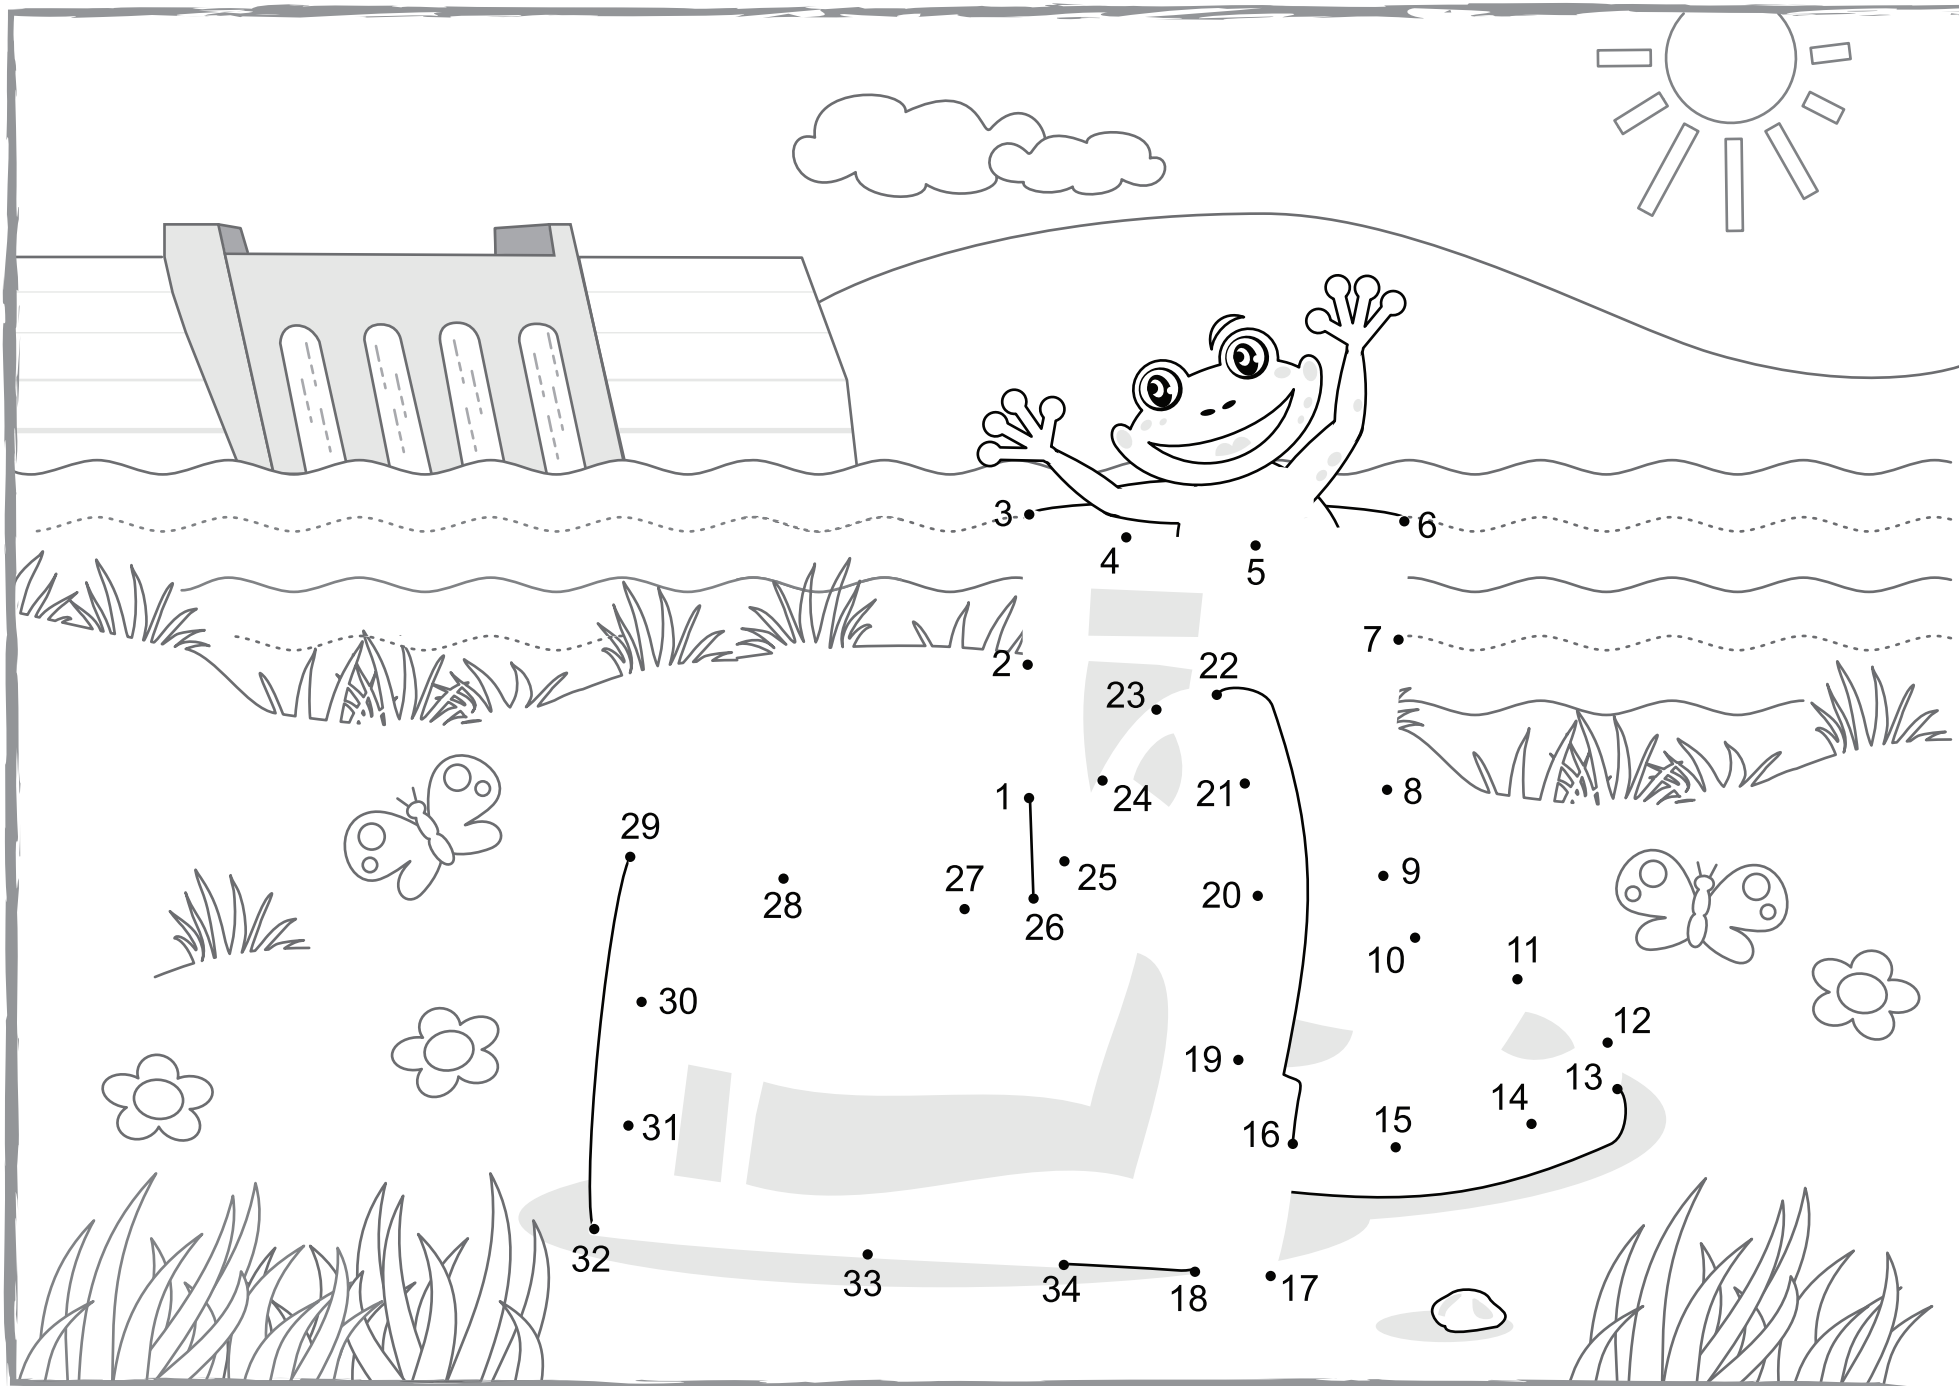

Tracez une ligne du point 1 au point 2, puis au point 3, au point 4, et ainsi de suite. Continuez à joindre les points jusqu'à ce qu'ils soient tous reliés. Ensuite, coloriez l'image.
