## Acknowledgement

This Contractor Safe Work Plan does not replace the Contractor's responsibilities under New Brunswick's Occupational Health & Safety Act & pursuant general regulation 91-191 to ensure that Health and Safety measures are in place to protect workers and members of the public from the potentially hazardous conditions created as a result of work activities.

The contractor is responsible to address safety and health hazards that arise from the contractor's work activities and that pose risk to its workers, other contractor workers, NB Power employees and the public to the satisfaction of NB Power.

In the event of unsatisfactory safety performance, NB Power will initiate corrective action by bringing the matter to the attention of the contractor. Should the concern continue, the matter will be escalated through NB Powers vendor performance processes
